

# **ACCESSIBILITY OF ONTARIANS WITH DISABILITIES ACT (AODA)**

## **WWF-Canada's Integrated Accessibility Standards Regulation Policy**

November 2017

## Intent

This policy is intended to meet the requirements of the Integrated Accessibility Standards, Ontario Regulation 191/11 for the Employment Standard set forth under the Accessibility for Ontarians with Disabilities Act, 2005. This policy applies to the provision of accessible employment services for people with disabilities.

All employment services provided by WWF-Canada will follow the principles of dignity, independence, integration and equal opportunity.

## Scope

This policy applies to every person who deals with members of the public on behalf of WWF-Canada. As best practice, WWF-Canada has opted to have this policy apply to all of its employees across Canada.

## Definitions

Accessible Formats – include but not limited to large print, recorded audio and electronic formats, braille and other formats usable by persons with disabilities.

Communication Supports – include but not limited to captioning, alternative and augmentative communication supports, plain language, sign language and other supports that facilitate effective communications.

Conversion Ready – an electronic or digital format that facilitates conversion into an acceptable format.

Information – includes data, facts and knowledge that exists in any format, including text, audio, digital or images, and conveys meaning.

Large Organization – an organization with 50 or more employees in Ontario.

Mobility Aid – a device used to facilitate the transport, in a seated posture, of a person with a disability.

Mobility Assistive Device – a cane, walker or similar aid.

Performance Management – activities related to assessing and improving employee performance, productivity and effectiveness with the goal of facilitating employee success.

Redeployment – the reassignment of employees to other departments or jobs within the organization as an alternative to layoff, when a particular job or department has been eliminated by the organization.

Support Person – in relation to a person with a disability, another person who accompanies the person with a disability in order to help with communication, mobility, personal care or medical needs, or with access to goods, services or facilities.

## General Principles

In accordance with the Integrated Accessibility Standards, Ontario Regulation 191/11, this policy addresses the following:

- A. General Requirements
- B. Employment Standards Overview
- C. Recruitment, Assessment and Selection
- D. Accessible Formats and Communication Supports for Employees
- E. Documented Individual Accommodation Plans
- F. Plans and Processes
- G. Return to Work and Redeployment

### A. General Requirements

General requirements that apply across the Information and Communications and Employment standards are outlined as follows.

#### Establishment of Accessibility Policies and Plans

WWF-Canada will develop, implement and maintain policies governing how it will achieve accessibility through these requirements. WWF-Canada is responsible for including a statement of its commitment to meeting the accessibility needs of persons with disabilities in a timely manner in its policies. This should be achieved through documentation in WWF-Canada's policies and making these documents publicly available, in an accessible format upon request.

WWF-Canada will establish, implement, maintain and document a multi-year accessibility plan outlining its strategy to prevent and remove barriers and meet its requirements under the IASR regulation. WWF-Canada will post its accessibility plans on their website and provide the plan in an accessible format upon request. WWF-Canada will review and update its accessibility plan once every five years and will establish, review and update its accessibility plans in consultation with persons with its Accessibility Committee.

#### Procuring or Acquiring Goods and Services, or Facilities

WWF-Canada will incorporate accessibility criteria and features when procuring or acquiring goods, services or facilities. The only exception is in cases where it is impracticable to do so.

## Training Requirements

WWF-Canada will provide training for all its employees regarding the IASR and the Ontario Human Rights Code. Training will be provided for individuals who are responsible for developing WWF-Canada's policies.

## B. Employment Standards Overview

The Employment Standards regulation will expand Ontario's labour pool by ensuring people with disabilities are welcome and supported within all workplaces. Employment standards will assist organizations with employment recruitment, providing accessible information, plans for emergencies, individual accommodation, return to work, performance management, and career development and redeployment.

## C. Recruitment, Assessment and Selection

WWF-Canada will notify employees and the public about the availability of accommodation for job applicants who have disabilities. Applicants must be informed that these accommodations are available, upon request, for the interview process and other candidate selection methods. WWF-Canada will notify the successful applicant of their policies and supports for accommodating people with disabilities.

## D. Accessible Formats and Communication Supports for Employees

If an employee with a disability requests it, WWF-Canada will provide or arrange for the provision of accessible formats and communication supports for the following:

- Information needed to perform their job; and
- Information that is generally available to all employees in the workplace.

WWF-Canada will consult with the employee making the request to determine the best way to provide the accessible format or communication support.

## E. Documented Individual Accommodation Plans

WWF-Canada has developed and has in place written processes for documenting individual accommodation plans for employees with disabilities. The process for the development of these accommodation plans include specific elements, such as:

- The ways in which the employee can participate in the development of the plan;
- How the employee is assessed on an individual basis;
- The ways an employee can request an evaluation by an outside medical expert, or other experts (at the employer's expense) to determine if accommodation can be achieved, or how it can be achieved;
- The steps taken to protect the privacy of the employee's personal information;
- The frequency with which the individual accommodation plan should be reviewed or updated determined, and how it should be done;
- The means of providing the accommodation plan in an accessible format, based on the employee's accessibility needs.

## F. Plans and Processes

WWF-Canada utilizes performance management tools, provides career development and advancement to their employees. WWF-Canada will respect the accessibility needs of our employees with disabilities when developing these processes. WWF-Canada will provide a tailored workplace emergency response plan or information for employees with disabilities, if their disability makes it necessary.

## G. Return to Work and Redeployment

WWF-Canada has developed a return to work processes for employees who are absent from work due to a disability—and require disability-related accommodations to return to work. WWF-Canada will document these processes. The return to work process will include an outline of the steps WWF-Canada will take to facilitate the employee's return to work and use documented individual accommodation plans (as described in section 28 of the regulation). If WWF-Canada uses redeployment processes, the accessibility needs of its employees with disabilities will be considered. Redeployment may mean the reassignment of employees to other departments within the organization as an alternative to a "layoff", when a particular job or department has been eliminated. *These standards do not apply to volunteers or other non-paid individuals.*
