

A Unique Gift for John Sample

Thanks to Jane Sample
you have helped to Give a Tiger a Fighting Chance!

Today, the tiger is one of the most threatened species on Earth. Fewer than 5,000 tigers now remain in the wild and all are listed as endangered.

With this gift, you will help support TRAFFIC -- the wildlife trade monitoring program of WWF and IUCN - the World Conservation Union. TRAFFIC investigates, reports and assists authorities in catching poachers and works to shut down their smuggling routes. With this gift, you're helping to keep tigers and other threatened wildlife alive in the wild!

A handwritten signature in black ink, appearing to read "Gerald Butts", written over a horizontal line.
